

C

ChEMBL target-pair census

2,164,618

≥1 ligand measured at both targets

63,790

≥10 ligands measured at both targets

5,253

Dual, A-only and B-only each ≥10 ($\theta=6.0$)

86

Strict bidirectional supply criterion (6.5/5.5)

8 primary target pairs after panel construction and structural assessment
